

Dear Bridge Folks,

We are the Texas Capital Bridge Association (TCBA), Unit 207 of the ACBL. The Unit is made up of bridge clubs offering sanctioned ACBL games located in Austin, Georgetown, Kingsland, Kyle, San Marcos, and Westlake. See the menu item "Clubs" for more information about each club. In addition, TCBA includes a residents-only sanctioned game at Sun City.

Explore the menu bar, for information on details about game schedules, game results, lessons, tournaments, and other topics of interest to bridge players. The Hot Links on the left will take you directly to the most popular web pages or locations. Check the right column often to get the latest news.

For the newer player, the Bridge Center of Austin offers popular limited-masterpoint games most days, some with free lectures and/or supervised play. Lessons are offered several times a year. For several of the games at the BCA, Kyle, and San Marcos, you can come without a partner.

Unit 207 sponsors special events and tournaments to encourage competition. Some examples are:

- An advanced topic lecture monthly by our most experienced players
- The Austin City Championship annually
- Sectional and Regional Tournaments - some open and some for novice players only
- Holiday-themed games and parties throughout the year
- Mentor programs that pair a novice player with an experienced player
- A monthly luncheon and game recognizing those players who achieved a milestone

Come and join us to play the best game I know. I've made many new friends playing bridge.

Sharon Hoger  
Unit 207 Board President
